**Declaration in Support of Accompanying Petition to Make Special
Reason V -Enhancement of Environmental Quality**

In support of the accompanying Petition to Make Special, applicant declares as follows:

1. I am the applicant in the above-identified patent application.
2. The invention of the above application could materially enhance air quality, thereby benefitting the public and the environment.
3. Specifically, the invention of the above application is a process for removing smoke from the exhaust gas of Diesel engines.
4. I further declare that all statements made herein of my own knowledge are true and that all statements made upon information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application and any patent issuing therefrom.

Very Respectfully,
